

SOUTH EASTERN AND CHATHAM RAILWAY PERFINs by Catalogue Editor.

This Railway Company was sanctioned by Parliament on 5th August 1899 as the South Eastern and Chatham and Dover Railways. In June 1900 the "and Dover" was dropped from the title.

A number of dies SE/CR are known similar to the one numbered S2430. However further dies SE/CR/BA are known which are as yet unidentified. All examples I have are dated either late in 1899 or in 1900 and all are postmarked either London SE or Blackheath. This suggests that the user was South Eastern and Chatham Railway. Can anyone guess what the 'BA' stands for ?

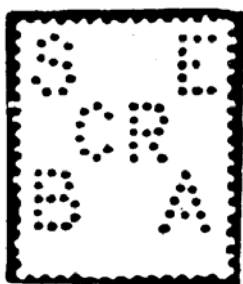

The dies SE/CR/BF, numbered S2450, may also belong to this user. Can any member provide postmarks or dates for this die? Also what could BF stand for?
